## What is this product?

### Type

This is an investment fund established as a Company With Variable Capital (SICAV).

### Objectives

**Investment objective** The sub-fund is a Shari'a compliant portfolio that will invest in a diversified portfolio of unsecured asset based Sukuks both in the MENA (Middle East & North Africa) region and globally. The primary investment objective of the sub-fund is to achieve high income as well as capital growth. The sub-fund will achieve diversification by investing in a basket of Sukuk with various maturities, from a variety of issuers.

**Investment policies** For this purpose, the sub-fund:

- will invest in Sukuk pre-approved by the Shari'a Board;
- will hold up to 100% of the assets of the sub-fund in Transferable Securities including asset-based Sukuk;
- will only hold cash (if any) in either a non-interest bearing account or with an Islamic Finance Institution;
- may hold cash and cash equivalents such as Wakala (an agency contract widely used in Islamic Finance) and Murabaha (an asset length with an agreed sales price).

The sub-fund may concentrate its assets in a limited number of Sukuk (along with Murabaha and Wakala instruments) but no single Sukuk shall represent more than 10% of the value of the sub-fund.

The sub-fund may invest in Shari'a compliant collective investment schemes up to a limit of 10% of the value of the Sub-Fund.

The sub-fund may invest in Shari'a compliant derivatives.

The sub-fund will use only Shari'a compliant contracts and agreements and make investments in line with the restrictions mentioned above.

The sub-fund will oblige its service providers to carry out all activities specifically related to the management of the sub-fund in a Shari'a compliant manner.

The sub-fund will not invest in any underlying fund with an annual management fee in excess of 2%.

**Benchmark** The Sub-Fund is managed actively without reference to any benchmark.

**Redemption and Dealing** Investors may subscribe, convert and redeem shares on demand on a daily basis, being a valuation day, as further determined in the prospectus of the fund.

**Income Purification** The Shari'a Board will periodically review all assets in the sub-fund and non-compliant returns such as interest and cash will be purified and given to charity. Any Shari'a compliant returns may be distributed.

**Launch date** The sub-fund was launched on 28/07/2014. This share class was launched on 09/11/2017.

**Fund Currency** The reference currency of the sub-fund is USD. This share class currency is AED.

**Switching between Funds** Shareholders have the right to convert all or part of their Shares of any Class into Shares of the same Class in another sub-fund or into Shares of another existing Class of the same or another sub-fund by applying for conversion in the same manner as for the issue of Shares. However, the right to convert Shares is subject to compliance with any conditions (including any minimum subscription amounts) applicable to the Class into which the conversion is to be effected.

### Intended retail investor

This product is intended for investors who plan to stay invested for at least 5 years and are prepared to take on a low level of risk of loss to their original capital in order to get a higher potential return. It is designed to form part of a portfolio of investments.

### Term

The Fund is open-ended and has no maturity date. Subject to the liquidation, dissolution and termination rights of the Board of the Fund as set forth in the Fund prospectus, the Fund cannot be automatically terminated. The manufacturer, Emirates NBD Asset Management Limited, is not entitled to terminate the product unilaterally.

### Practical information

**Depository** State Street Bank International GmbH, Luxembourg Branch.

**Further information** The Articles of Incorporation, the current Prospectus and the latest periodical reports may be obtained in English free of charge during normal office hours at the registered office of the fund or online at [www.emiratesnbd.com/assetmanagement](http://www.emiratesnbd.com/assetmanagement). The net asset value per share of each class and the issue and redemption prices thereof are available at the registered office of the fund.

## What are the risks and what could I get in return?

### Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

### Performance scenarios

The figures shown include all the costs of the product itself, and includes the costs of your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

**What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

**The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.**

The stress scenario shows what you might get back in extreme market circumstances.

**Unfavourable:** this type of scenario occurred for an investment between 30 September 2017 and 30 September 2022.

**Moderate:** this type of scenario occurred for an investment between 28 February 2014 and 28 February 2019.

**Favourable:** this type of scenario occurred for an investment between 31 October 2012 and 31 October 2017.

## What happens if the sub-fund is unable to pay out?

If we are not able to pay you out what we owe you, you are not covered by any national compensation scheme. To protect you, the assets are held with a separate company, a depository. Should we default, the depository would liquidate the investments and distribute the proceeds to the investors. In the worst case, however, you could lose your entire investment.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario,

- 10,000 AED is invested.

Example Investment 10,000 AED	if you exit after 1 year	if you exit after 5 years (recommended holding period)
<b>Total Costs</b>	<b>626 AED</b>	<b>1,645 AED</b>
<b>Annual cost impact*</b>	<b>6.3%</b>	<b>3.1%</b>

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 2.7% before costs and -0.4% after costs.

### Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 1 year
<b>Entry costs</b>	<b>0.00%</b> , we do not charge an entry fee.	<b>0 AED</b>
<b>Exit costs</b>	<b>4.00%</b> of your investment before it is paid out to you. The exit charge shown is a maximum figure. In some cases, you might pay less – you can find this out from your financial advisor.	<b>400 AED</b>
Ongoing costs taken each year		Annual cost impact if you exit after 1 year
<b>Management fees and other administrative or operating costs</b>	<b>2.26%</b> of the value of your investment per year. This is an estimate based on actual costs over the last year.	<b>226 AED</b>
<b>Transaction costs</b>	<b>0.00%</b> of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	<b>0 AED</b>
Incidental costs taken under specific conditions		Annual cost impact if you exit after 1 year
<b>Performance fees</b>	There is no performance fee for this product.	<b>0 AED</b>
